

# NO COUNCIL MEETING MONDAY

Due to the COVID-19 gathering restrictions, limited space at city hall, and no new agenda items, there will not be a council meeting Monday July 13<sup>th</sup>.

Updates.

McKinnon Loop work has been completed. We hope everyone has had a chance to drive on it. It would be wonderful if we could repave all our streets!

Clean up day was a success, despite the early morning rain. Everyone pitched in and helped each other unload their vehicles. It was great to see our community come together. Both containers filled up quickly and only one person was turned away. Our next clean up day will be sometime in November.

The next council meeting will be August 10<sup>th</sup>.

Everyone stay safe!

Thank you, City of Hays Mayor, City Council and City Secretary
